Cyber
Essentials
mark

Demonstrate your commitment to good cyber practices and cyber hygiene with third-party certification from GICG.

With our nation moving towards being a digital domain Smart Nation and rise in digital risks, commitment to a cyber hygiene practice is essential for preventing organisations from succumbing to digital lapses and cyber attacks. GICG will help you to demonstrate your commitment to good cyber hygiene practices with Cyber Essentials Mark Certification, the standard to strengthen your cyber defences and to protect enterprises against the most common cyber attacks and threats.

What is Cyber Essentials Mark

To help enterprises take greater ownership of cybersecurity, Cyber Security Agency of Singapore (CSA) has developed the Cyber Safe Programme to help Singapore enterprises better protect themselves in the digital domain, raise their cybersecurity posture and protect against a whole range of the most common cyber attacks. One of the initiatives under the programme is the Cyber Essentials Mark.

The Cyber Essentials Mark helps you to guard your organisation against cyber-attack.

The Cyber Essentials Mark takes on a baseline control approach which intends to protect enterprises against the most common cyber attacks and threats. The Cyber Essentials Mark demonstrates your commitment to cyber security and provide a cybersecurity risk management approach for your organization.

Benefits

A Cyber Essentials mark from GICG shows that you have a system and practices in place for ensuring that you meet the required cyber hygiene standards and builds confidence among your employees and customers. It reassures customers that you are working to secure your IT systems against cyber-attacks. Having a Cyber Essentials mark attracts new potential business with the assurance that you have cyber security measures in place. The Cyber Essentials mark and is targeted at resource-constrained enterprises with limited IT and/or cybersecurity expertise and resources to dedicate towards protecting IT assets and personnel.

Interested businesses are encouraged to sign up for the certification programme.
